To,

Respected Mr. Pulendran Sir,

**SUBJECT: REQUEST FOR INFORMATION – INTEGRATED TERMINAL
& STORAGE CAPABILITIES IN MALAYSIA**

Greetings from Samrat Overland International Legacy Private Limited.

Our organization is currently assessing strategic storage and handling capacities across key maritime locations in Malaysia to support our upcoming liquid bulk and energy trade operations.

To help us evaluate local capabilities, please provide official feedback on the following operational questionnaire:

MALAYSIA INTEGRATED TERMINAL CAPABILITIES QUESTIONNAIRE

SECTION I: INTEGRATED HUB AVAILABILITY (PRIMARY FOCUS)

• **1.1. Storage & Jetty Allocation:**

Do you have available storage capacity or jetty allocation at primary integrated deepwater facilities for the following target products:

✓ **Crude Oil: Max Available Capacity (MT/CBM):** _____

No 24, Gokulam Apartment,
Nermai Nagar, 1st Cross Street,
Kolathur, Chennai - 600099

- ✓ Refined Products (Diesel / Jet Fuel): Max Available Capacity (MT/CBM): _____
- ✓ Liquefied Petroleum Gas (LPG): Max Available Capacity (MT/CBM): _____
- ✓ Liquefied Natural Gas (LNG): Max Available Capacity (MT/CBM): _____

• 1.2. Terminal Phase / Facility:

- ✓ Which specific terminal phase or facility is the allocated space located in (e.g., Independent Terminals / Dedicated LNG Terminals / Industrial Complex Berths)?

• 1.3. Berthing & Draft Restrictions:

- ✓ What is the maximum permissible draft (meters) and DWT/CBM limits at your assigned berths (e.g., up to 24m / VLCC / ULCC / VLGC capable)?

SECTION 2: ALTERNATIVE LOCATIONS (FOR SPLIT CARGOES)

• 2.1. East Malaysia (Sarawak Region):

- ✓ Do you offer dedicated LNG/LPG jetty access alongside crude or refined product storage?
- ✓ What are the maximum vessel size and draft restrictions at these liquid bulk berths?

• 2.2. Southern Regional Hubs (Johor Region):

- ✓ Do you have dedicated storage for Refined Products (Diesel/Jet Fuel) and LPG?
- ✓ What is the maximum vessel size accommodated (e.g., Medium Range vs. Aframax limits)?

• 2.3. West Coast / Central Hubs (Selangor Region):

- ✓ Do you offer bonded storage facilities for Refined Products (Diesel/Jet Fuel)?
- ✓ What is the maximum parcel size and pumping rate permitted for liquid import/export?

SECTION 3: COMMERCIAL & TECHNICAL OPERATIONAL TERMS

• 3.1. Storage Infrastructure Type:

- ✓ Are the offered tanks shore-based storage tanks or Floating Storage Units (FSUs) positioned at designated STS anchorages?

• 3.2. Pumping & Transfer Rates:

- ✓ What is the maximum loading and discharging rates (MT/hour or CBM/hour) for each product category?

• 3.3. Tank Heating & Refrigeration:

- ✓ Are shore tanks/FSUs equipped with heating coils for heavy crude?
- ✓ For LPG/LNG: Is full refrigeration or pressurized tankage provided?

• 3.4. Commercial Pricing Structure:

What are the standard monthly storage fees (USD per CBM/MT) and throughput-in/throughput-out charges per product category?

• 3.5. Regulatory Compliance:

- ✓ Does the terminal/facility hold active Petroleum Development Act (PDA) licenses, PETRONAS downstream registrations, and Malaysian Customs bonded clearances?
